ONEFILE APP

SIMPLE
QUICK
HANDY

GOT NO WIFI?

Working in a remote location?
Need to study on the go?

With the OneFile offline app, you can work any time, any where, on any device. By syncing what you need in advance, you can create plans, capture assessment evidence and complete reviews offline. Then when you're connected to the internet again, you can sync your work back to the web and continue to use OneFile online.
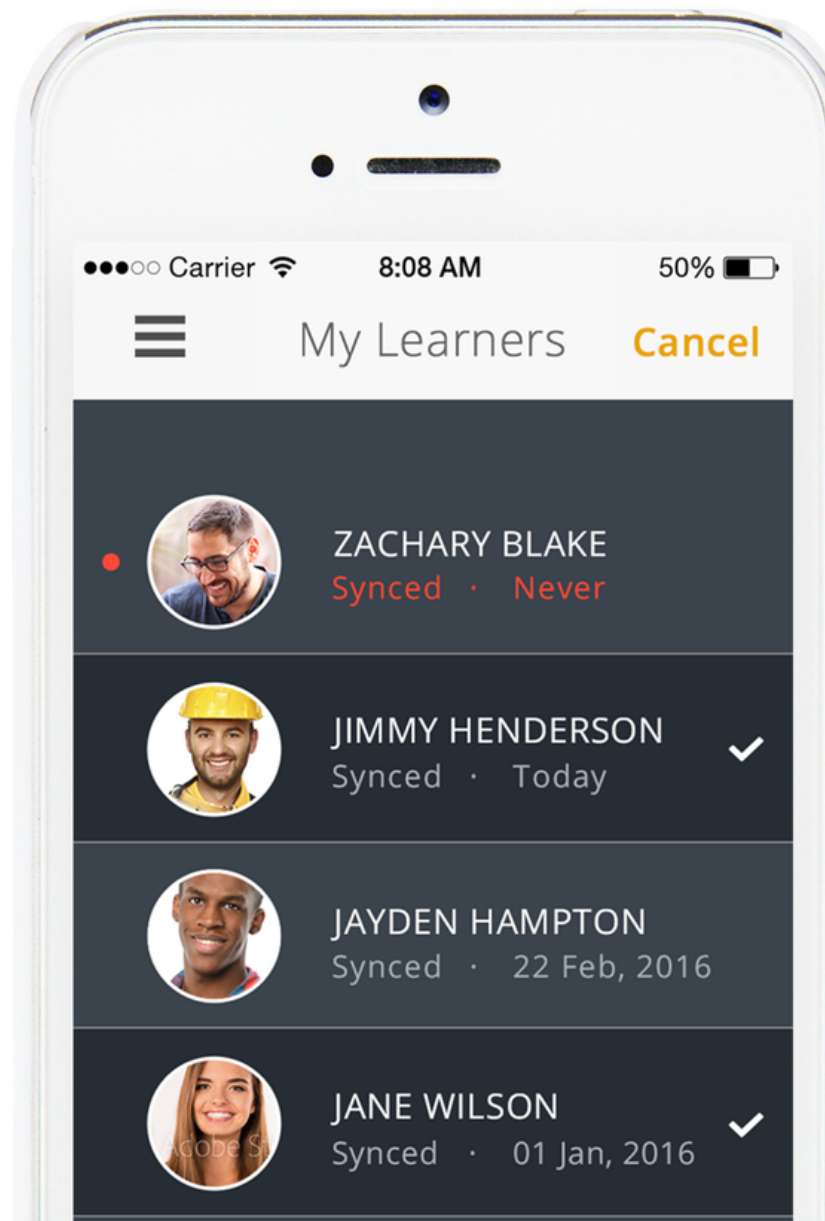

It's simple, quick and convenient.

KEY FEATURES:

GO OFFLINE

OneFile's app is specifically designed to be used offline. Just download the app on any device and train wherever you are.

PLANS

Prepare assessment plans, assign them to learners and manage your pending, upcoming and sync-ready assessments.

SNAP
& SYNC

Take photos, videos or audio
recordings as evidence on any
device. Then sync them to your
eportfolio when you're online.

REVIEWS

Capture review data in the
moment, wherever you are -
perfect for informal and formal
discussions.
You can pull through custom
forms to make sure you capture
the data you really need.
